

What is a JOB?

A Job is...

1. **Work that needs to be done** (meaning it has a meaningful purpose)
2. **That you can do** (meaning that you have the skills and ability)
3. **And someone will pay you to do it.** (meaning that there is a customer for this work...and an employer who will pay you to serve this customer)

How to Get and Keep a Job

Employer's say they want these qualities in an employee:

- Someone who wants to work here.
- Someone with a good attitude and is honest.
- Someone who will be here on time everyday.
- Someone who can solve problems and make decisions.
- Someone who is a self-directed learner and wants to improve.

Research shows that the top three reasons people get fired are:

- Dishonest
- Unreliable, too many days absent or late.
- Would not follow directions, did not get along with supervisors.

These are all Character related issues.
